PERMANENT MISSION OF ISRAEL TO
THE UNITED NATIONS IN GENEVA

Statement on behalf of the State of Israel

**UN Human Rights Council
UPR WORKING GROUP 25th SESSION – May 2016**

Ireland

Thank you, Mr. President

We welcome the delegation of Ireland and thank them for their report presented before us today. Israel would like to commend Ireland for the progress made since its last UPR.

However, Israel is deeply concerned by the existence of hate crimes in Ireland. It has been reported that 109 hate incidents took place in 2013, of which **only 12** were sentenced.

Israel is concerned by the cases of medically unnecessary surgeries and other procedures on intersex children before they were able to provide their informed consent; as well as by the persistent discrimination against LGBTI children.

Israel is also worried about the reports of non-consensual use of psychiatric medication, electroshocks, and other coercive practices in mental health services.
